

Cross-Border Partnership for Education Quality

EDUCATION

EDU-PART Q

The problem. Project's solution

Educational infrastructure in the Romanian-Ukrainian border region is outdated, with limited access to quality learning, especially in rural and disadvantaged areas. Cross-border cooperation in education is also minimal. This project addresses these issues by modernizing and equipping three schools, promoting inclusive and accessible learning. It enhances educational outcomes, fosters equal opportunities for all students—including those with special needs—and strengthens cross-border collaboration between schools and educators.

ROUA00340

Cross Border Partnership

◆ Lead Partner

Moisei Commune
Maramures County, Romania

◆ Partner 2

Teresva Local Council
Zakarpattia region,
Ukraine

EU funding 1,008,824.23 EUR

Total budget 1,120,915.82 EUR

Project Start June 2025

Project End June 2027
